THE TEXAS NURSERY COMPANY

SHERMAN, TEXAS

When buying nursery stock, give a thought to these two points—that nearly all trees of a given kind and age look so much alike that even an expert cannot definitely determine their quality by their outward appearance,—that you cannot judge nursery stock economy by the price, because the real cost of a tree or plant is based on the pleasure it affords or the profit it produces. Then send us your orders as our long string of Blue Ribbons awarded us by competent judges is evidence of our stock possessing the qualities you should get in trees and plants.

With each order we furnish free, a copy of "How to Plant and care for Tree and Plants."

The following prices will apply to all stock listed in our catalogue. Subject to change WITHOUT NOTICE.
